WINERY

## Our Winery

**THE HILL FAMILY** invites you to have an “enlightened” experience with the wines of Illuminare. We are a boutique El Dorado County winery specializing in small lots of very limited production wines.

From our tantalizing “Seeing Red” label to obscure varietals such as Pinotage, our wines are unique and exciting. Our wine making style strives for maximum extraction and intensity that is showcased in our vintages.

Join us in the celebration of family, friends and, of course, wine.

## Join the Club

**BECOME AN “ILLUMINATUS”**, one who is enlightened, and join our wine club. Our club provides its members with two bottles of our newest releases 4 times a year. You will also receive great discounts on our wines and will be invited to our club member parties and wine maker dinners.

You can join our club at our tasting room, or fill out the form on our website.

## Wine Tasting

**OUR TASTING ROOM** is located in the Camino Wine Plaza building in the heart of the Apple Hill region on Highway 50. Situated with three other boutique winery tasting rooms in the building, we offer a unique tasting experience.

To find us, go east on Hwy. 50 from Placerville and turn left on the Carson Rd./Apple Hill Drive exit. Make an immediate right turn on Carson Road and we are just ahead (map on back).

## Special Events

**YOU CAN BE AUTOMATICALLY INFORMED** about the many celebrations, wine maker dinners, vintage premieres and other special events by signing up by phone, on our website, or at the Tasting Room.

## The Hill Family

While on vacation in California, Aaron & Cherie fell in love with the wines and the landscape of El Dorado County. After spending their entire lives in Alaska, they moved to California to pursue their dream of making some of the Sierra foothills’ finest wines from the areas’ best vineyards. The first grapes were crushed in the fall of 2000 and the tasting room opened shortly after.

**the journey continues...**
